

Ms. Terkper's Digital Classroom

Math 9 Curriculum

Track Your Learning Journey!

See your progress through all 8 units, earn achievement badges, and never lose your place!

 [View My Progress Dashboard](#)

Course Units

Unit 1: Rational Numbers

Explore operations with rational numbers, including integers, fractions, and decimals.

[Practice Unit 1 →](#)

Unit 2: Powers & Exponents

Learn the laws of exponents and apply them to simplify and evaluate expressions.

[Practice Unit 2 →](#)

Unit 3: Polynomial Operations

Add, subtract, and multiply polynomials to model and solve problems.

[Practice Unit 3 →](#)

Unit 4: Polygon Geometry

Investigate the properties of polygons and apply angle relationships.

[Practice Unit 4 →](#)

Unit 5: Linear Relations

Analyze and graph linear relations using tables, equations, and graphs.

[Practice Unit 5 →](#)

Unit 6: Equations & Inequalities

Solve one- and two-step linear equations and inequalities with rational numbers.

[Practice Unit 6 →](#)

Unit 7: Circle Geometry

Understand central angles, inscribed angles, and arc properties in circles.

[Practice Unit 7 →](#)

Unit 8: Data & Probability

Collect, analyze, and interpret data while exploring experimental and theoretical probability.

[Practice Unit 8 →](#)

Final Review

Review key concepts of Math 9

Practice review problems

→

Math 9 Course Objectives

Program Goals

- ▷ Use mathematics confidently to solve problems
- ▷ Communicate and reason mathematically
- ▷ Appreciate mathematics' value and beauty
- ▷ Connect math to real-world applications
- ▷ Develop lifelong learning skills
- ▷ Become mathematically literate citizens

Student Outcomes

- ▷ Demonstrate positive mathematical mindset
- ▷ Persist through challenging tasks
- ▷ Engage in mathematical discourse
- ▷ Take calculated risks in problem-solving
- ▷ Exhibit curiosity and creativity
- ▷ Apply critical thinking skills

Learning Hub

Diagnostic Practice Test

These are based on numeracy skills you should have mastered in grade 8

Math 9 Textbooks

Textbook resources for extra practices

Alberta PAT Prep Portal

Official Grade 9 practice tests with instant diagnostics

ExploreLearning Gizmos

VR math simulations for all units

Family Math Guide

Alberta's parent roadmap to Grade 9 math

Math → Code Bridge

Program polynomial operations in Python

Desmos Math 9 Collection

Self-paced activities with instant feedback

GeoGebra 3D Lab

Manipulate polyhedrons and circles in space

Mathigon Adventure

Story-driven math challenges
